## SCHOOL BUS SAFETY KITS

- Auxiliary warning light kit
- Increased safety of children boarding or leaving the bus when stopped
- The two red LED lights above the front and rear bumpers are enhanced with this new system to readily alert motorists of a stopped school bus
- These kits are school bus specific and come in Red
- Added flasher can be also used for other units in your fleet (ex. service trucks)

### BKSCHOOL1

#### Constellation® Kit Includes

- BKDLITE-RR x 4 (lights)
- BKLD418-2 x 2 (control box)
- SWH-346-2 x 2 (wire harness)
- SWH-346-5 x 2 (wire harness)
- 60 ft. 2-conductor cable
- All hardware: fuse holder, fuse, weather-tight connectors, tie wraps

### EASY PLUG-IN INSTALLATION

## 240SFL-C

Class II

240SFL-C

- Star Generation IV LEDs
- 26 customer selectable flash patterns, including
- Shipped in a quad flash pattern
- Extremely low current draw
- Rugged die-cast base is fully gasketed
- Permanent mount, 1" pipe mount, flange mount, magnet mount

## 266TSL-C

Class I

266TSL-C

- Star X-Fire™ technology
- 12 different selectable flash patterns in either of two phases, plus steady-on
- S-Link System™ synchronizing capabilities with other Star LED units, hardwire only
- Extremely low current draw
- Durable polycarbonate, twist on/off lens
- Lightweight polycarbonate, flange three-hole permanent mount, 1" pipe mount

## 256TSL-C

Class II

256TSL-C

- 26 customer selectable flash patterns, plus steady-on
- Star Generation IV LEDs
- Extremely low current draw
- Lightweight polycarbonate base, flange three-hole permanent mount, 1" pipe mount

## DLITE-RR

Class I

DLITE-RR

- Six super bright Star Generation V LEDs
- S-Link System™ synchronizing capabilities with other Star LED units
- Robust design
- Rugged die-cast base
- Standard four wire hook up (power, ground, pattern, sync)
- Approvals: SAE Class I, CA Title 13 available where applicable

## LDH-363/LDH-362

LDH-363

LDH-362

- High intensity Star Generation IV LEDs are self-contained
- Steady-burn or flashing LED heads with built in flashers
- S-Link System™ synchronizing capabilities with other Star LED units
- The high efficiency optics are available in three options: Spot, Trapezoidal, and Wide Spread
- Quick install in any situation

## 64-097

64-097

- Industry standard mounting footprint
- Polarity protected
- Connections: 12" Red wire with 16-18 AWG butt splice, 3" wire with 1/4" ring terminal
- Glass filled nylon housing
- SAE J994
